DOUBT THE GUILT OF MAN ACCUSED

Parents of Marian Lambert, Dead of Poisoning, Ask Release of Former Lover.

CHICAGO, February 14.—The parents of Marian Lambert, the Lake Forest High School girl found dead in the woods near the suburb last Thursday, have appealed to State's Attorney Ralph Dady of Lake county to release William H. Orpet, the University of Wisconsin student held at Waukegan on a charge of murder. The Lamberts told the state's attorney they had doubt of the guilt of young Orpet, and they had no desire to be vindictive toward the young man.

State's Attorney Dady was willing to admit today that unless he can prove that Orpet gave his former sweetheart poison he cannot convict the student of murder.

Container Not Found.

Although the nature of the poison which caused the girl's death has been determined by a partial analysis of the stomach, the officers are at a loss to account for the container. Sheriff Griffin of Lake county said his men had searched every section of the woods where the body was found and had visited every drug store in Madison and in towns along the lake shore from Waukegan to Evanston. Pictures of Orpet were shown, but no evidence was found that he had purchased poison.

In the sixty letters which passed between the girl and Orpet—thirty-five written by him and twenty-five written by her—the romance of the two has been traced from its inception to the time of the tragedy. The missives show, the officials say, that alarm was felt about the girl's condition as early as last September, but the crisis passed and their fears were allayed until recently.

Letters Less Ardent.

His letters became cooler and less frequent. Finally came the letter in which Orpet told of his love for Miss Celestia Youker, a normal school teacher of De Kalb, Ill. Miss Lambert wrote several letters after that begging not to be cast off. The last of his letters made arrangements for the fatal trip at Lake Forest.

Miss Youker is said to be seriously ill.
